What participants say after attending our MS Excel training sessions...

"Areef was an excellent facilitator. Made everything simple, was willing to repeat steps and processes. Gave a lot of practical examples and encouraged us to speak about or bring to him our own practical examples and advised what can be done to improve same" VS

"Excellent all round...." DH

"Astonishing and Empowering..." WW

"Once again Areef has delivered a wonderful course that meets the demands of today's business world. Concise, relevant & powerful..." AB

"Great seminar. Excellent facilitator. Generally, a very informative course" AA

"Excellent seminar. Facilitator is extremely knowledgeable great teaching application etc" KH

"Both seminar + facilitator were excellent!" SR

"Great facilitator Great seminar I strongly recommend" RV

"This course is the best course I have attended." MT-G

"Exceeded my expectations re the level of time savings and smart short cut tools shown. Extremely value adding..." DL

"The sessions were well taught and delivered to expose us to the range of possibilities of Excel. A job well done! Thanks" DC

"Exceptional & Dynamic course everyone should do." KL

"Mr. Ali is very knowledgeable in this field.... This session will certainly assist me with my daily work. I highly recommend people to take the time and money and invest in this course. It is worth it." AAA

"The seminar was intensive but well planned. The facilitator was very knowledgeable and aimed to give realistic applications to the techniques taught." JH

"I was impressed within the first 10 minutes of the programme.... Overall, I thoroughly enjoyed this course, didn't know Excel was so powerful." NA

"Course was excellent, well planned and properly delivered, esp. for myself having some fairly good experience with excel and its functionalities..." VR

"I must say I was very impressed with Mr. Ali's presentation style. It was an apt mix of professionalism and a unique spin on Excel techniques. The case study was very interesting; pulling on a myriad of knowledge acquired throughout the sessions" J-MG

"Facilitator is very knowledgeable and explains content brilliantly so that I could understand" KP-G

"Seminar - an excellent opportunity to improve one's knowledge for personal and professional effectiveness and creativity. Facilitator makes the learning process very easy despite the complexity of the topic units" CP

"Excellent all round..." DH

Excel Secrets & Techniques in Management Reporting

Overview

Are you time pressured to prepare frequent & increasingly complicated management reports? If so, then here is the training program for you!

You will learn hands-on, the best secrets, tips and techniques to quickly analyze, summarize and present data as meaningful information for senior management. You will learn at least 30-40 tips, tricks, and techniques to help you efficiently review, analyze and present management reporting information.

Session Format / Facilitation approach

This is a practical and highly interactive seminar with a mix of tutoring using real life examples, hands on exercises for each technique learnt, combination exercises and Q&As.

Who will benefit?

All executive & board reporting personnel who want to learn effective reporting tips, tricks & techniques.

Participant Prerequisites

You should have at least two years' experience using MS Excel to facilitate management reporting and familiar with formatting, editing and basic formula setting in spreadsheets.

Virtual participants MUST have a Windows based laptop equipped with any MS Excel 2016, 2019 or Office 365 edition along with a reliable internet connection for these sessions. Face-to-face (F2F) classroom participants have the option to rent a laptop for use at the Centre during the class sessions.

What are your Key learning points & benefits?

- **Develop core technical skills** in management reporting. Learn 30-40 new techniques.
- **Increase work productivity and save time.** The techniques you learn can reduce the duration of analysis tasks from hours to minutes, freeing up time for higher payoff activities.
- **Receive download links** to practice exercise, videos, other training materials & solutions.
- **Claim 18 CPD hrs.** and a certificate for your attendance at this seminar.
- **Leverage the flexibility** of learning either from the comfort & safety of your home or office or at our Centre if you need to focus away from work & get hands-on attention.

to arrange a custom in-house session done in MS Excel work productivity techniques.

Excel Secrets & Techniques in Management Reporting

Day 2

8:30am – 4pm

Thu 13th Feb 2025

Outline

Graphing & charting techniques for Management reporting

- Creating graphs for correlation analysis - 2 Y axes on a single X axis
- Further charts for Correlation & performance analysis - XY charts
- User defined graphs - avoid recreating your custom designed graphs
- Charting for ranking - Waterfall/ Reconciliation chart vs cell sized Ranking charts
- Charting for performance management - Pareto charts

Variance analysis in management reports

- Conditional formatting techniques for exceptions reporting
- Highlighting exceptions across rows & dynamic auto banding in reports

How you can detect and correct errors in management reports

- Using the evaluate formula step by step feature
- Using the Trace Error function in Excel
- Using Excel watch windows for cells monitoring multiple sheets multiple workbooks
- Formula viewing spreadsheets automatic toggle switch
- Using the Trace precedents / dependents buttons
- Edit / Goto / Special function - isolate errors in formulas, numbers, constants etc

Enhanced Your Data analysis & reporting using Pivots

- Creating & Using pivot tables for automatic data summarisations - practical exercises
- Tips, tricks and benefits of using pivot table reports
- Linking pivot tables to data tables to automate reports
- Using pivot tables to analyse non-financial data - e.g., obtaining unique lists
- Using pivot tables to create filtered / ranked and time series data - graphs / charts
- Group transactional dates data for reports by months, quarters, years etc automatically
- Using pivot tables to automate variance & variance % formulas required for reports
- Creating automated segmental reports by any criteria using pivots

15 min Breaks at 10:00am & 2:30pm and 1-hour lunch break each day

to arrange a custom in-house session done in MS Excel work productivity techniques.

Excel Secrets & Techniques in Management Reporting

Day 3

8:30am – 4pm

Mon 17th Feb 2025

Outline

Text splitting & concatenation techniques in management reporting

- Working with lists of names – splitting names in 1 column to a 1st, mid & last name column when everyone does not have a middle name. Joining names in 1 column from separate columns
- Automate joining / splitting data using flash fill & also Power Query

Sensitivity & Scenario analysis techniques

- Goal seek - How to use in analysis & evaluation of loans
- Using scenarios - data sensitivity tables - how to do 50 different What if Analyses

Excel 2016 & beyond reporting & data visualization techniques

- How to analyse big data from any database using Power Pivot for Excel
- Using slicers to analyse multiple pivot tables / charts / create a dashboard
- Data visualization technique - using cell sized charts – line / column charts

Combination & case exercise

You will apply what you learnt by combining the many ideas learnt on the course to solve realistic work-based reporting scenarios. From the case you will understand the approach you should take to develop any report and resolve any reporting challenges

Using Xlookup vs Vlookup

Applying to the case combination exercise - why is xlookup the vlookup killer.

Using Macros & management reporting

- Automating tasks: Creating a macro and modifying it - using practical examples
- Understanding absolute vs relative reference macros with examples
- Assigning macros to images / buttons for automatic running of tasks

Areef Ali & Associates Trainer Profiles

Facilitator Profile - Mr. Joseph Alexander BSc, MBA, MCT

Joseph Alexander is a certified Microsoft Office Specialist and Microsoft Certified Trainer with over ten years of teaching experience. He is a skilled training facilitator and has conducted training programs for hundreds of employees in various companies across Trinidad and Tobago. His expertise also includes course development, training management, and workforce assessment. He has successfully developed and delivered several training courses in Information Technology programs such as Windows 10/11, Microsoft Office, and Microsoft Teams.

Mr. Alexander possesses a genuine passion for training and development, which shines through in every session he conducts, making it a memorable and enjoyable experience for the participants. He is also known to have the ability to make complex topics simple and easy to understand, as well as being very patient with slower paced learners. He consistently receives overwhelmingly positive feedback from the participants at the end of every training program he delivers. Mr. Alexander's core emphasis is always upon improving workforce productivity to increase company efficiency and profitability. Your company's workers are guaranteed to be in safe hands and have a profitable learning experience with him
